**Subject:** FW: [EXTERNAL] FW: investigation area  
**Attachments:** ATT00001.txt; 154153\_107\_Figure\_2\_source\_areas\_RAP.pdf

Attached is a revised figure 2 for the RAP and the shape files to provide to the CAG so they can see the acreages of each area.

**Subject:** RE: [EXTERNAL] FW: investigation area

Please add Open Space area acreage and Park area acreage. Make sure callouts point to area referred. Currently Area 40 callout does not reach the Area 40 rectangle.

Shapefile attached as "area40\_boundaries.zip". Figure 2 PDF also attached. Let me know if the callouts are okay, or if you'd like something different.

**Subject:** RE: [EXTERNAL] FW: investigation area

My recommendation would be to use your figure and just identify the acreages. I had to put in a poly line for the shape on-top of the cad file, so may not be as accurate as your geometry.

Thanks. We will create the shape file for the CAG to include the investigation boundary from Figure 2 and the Area 40 property boundary from the CAD file. On Figure 2 we call out the acreage of both areas.

Original figure is correct (red line for investigation area). I was eyeballing when I created mine.

**Subject:** [EXTERNAL] FW: investigation area

The screen shots below are from the CAD figure you provided and Figure 2 from the RAP, respectively. Notice the Investigation area between the two differs in the southwest corner. Is the CAD figure you provided correct?
